MARKET REPORT

Markets play 'Omicron tennis', rand back below R16/\$
Asian markets were mixed Thursday and oil edged up with traders still trying to claw back their latest Omicron-induced losses but still full of uncertainty after Wall Street suffered a late plunge in response to the United States reporting its first case.

HEADLINE CPI: The CPI calculates the cost to purchase a fixed basket of goods as a way of determining how much inflation is occurring in the broad economy. The CPI uses a base year and indexes current year prices based on the base year's values.

CORE CPI: The headline figure is not adjusted for seasonality or for the often volatile elements of food and energy prices, which are removed in the Core CPI.
