Name	% Move Y/Y
Core CPI	4,0%
Headline CPI	3,0%

MARKET REPORT

SA Inc could be about to outshine US tech

There are several reasons shares in SA companies will reward investors well in 2025, and also several reasons why last year's strong performance of US technology stocks is unlikely to continue. "We are still feeling bullish on local equities. We are staying our course and maintain our overweight call on SA Inc," says Peter Armitage, chief executive and co-chief investment officer of Anchor Capital.

HEADLINE CPI: The CPI calculates the cost to purchase a fixed basket of goods as a way of determining how much inflation is occurring in the broad economy. The CPI uses a base year and indexes current year prices based on the base year's values.

CORE CPI: The headline figure is not adjusted for seasonality or for the often volatile elements of food and energy prices, which are removed in the Core CPI.
