MARKET REPORT

British oil major BP reports sharp drop in fourth-quarter profit, vov

BP has broadly underperformed its peers, with shares falling roughly 9% over the last year to the end of last week — compared with 6% gains for Shell. The stock gained ground on Monday, following weekend reports that activist investor Elliott Management has built a stake in the struggling oil major, fueling speculation that the influential hedge fund could pressure the energy company to shift gears on its core oil and gas businesses.

HEADLINE CPI: The CPI calculates the cost to purchase a fixed basket of goods as a way of determining how much inflation is occurring in the broad economy. The CPI uses a base year and indexes current year prices based on the base year's values.

CORE CPI: The headline figure is not adjusted for seasonality or for the often volatile elements of food and energy prices, which are removed in the Core CPI.
