Headline CPI	3.5%

MARKET REPORT

Trump's latest tariffs U-turn is sparking a global market rally

Global markets were cheered after Trump retreated from threats to put further tariffs on several European countries. The news — and the market response — revived talk of the "TACO," or "Trump Always Chickens Out" trade among investors. "Donald Trump's TACO bell has rung once again, much to the joy of financial markets," one market watcher said Thursday.

HEADLINE CPI: The CPI calculates the cost to purchase a fixed basket of goods as a way of determining how much inflation is occurring in the broad economy. The CPI uses a base year and indexes current year prices based on the base year's values.

CORE CPI: The headline figure is not adjusted for seasonality or for the often volatile elements of food and energy prices, which are removed in the Core CPI.
