**MARKET REPORT**
**Trump administration equity stakes pose risks to U.S.**

The Trump administration has taken stakes or has agreements to do so with at least 10 companies. The stakes range from critical mineral companies, like USA Rare Earth and MP Materials, to big industrial and tech companies such as U.S. Steel and Intel. The approach creates political, legal and business risks for the companies involved, experts say.

**READ MORE**

**HEADLINE CPI:** The CPI calculates the cost to purchase a fixed basket of goods as a way of determining how much inflation is occurring in the broad economy. The CPI uses a base year and indexes current year prices based on the base year's values.

**CORE CPI:** The headline figure is not adjusted for seasonality or for the often volatile elements of food and energy prices, which are removed in the Core CPI.
