**HEADLINE CPI: The CPI calculates the cost to purchase a fixed basket of goods as a way of determining how much inflation is occurring in the broad economy. The CPI uses a base year and indexes current year prices based on the base year's values.**

**CORE CPI: The headline figure is not adjusted for seasonality or for the often volatile elements of food and energy prices, which are removed in the Core CPI.**

**MARKET REPORT**
**Iran offers compromise to dismantling its nuclear facilities**

Iran has offered to transfer some of its stockpile of highly enriched uranium to a third country in response to the latest US proposal to end 10 weeks of war, but rejected the idea of dismantling its nuclear facilities, the Wall Street Journal reported.

As a series of incidents continues to threaten a shaky ceasefire, Tehran hasn't yet given any public indication it would accept Donald Trump's plan.

The US president proposed that Iran permit passage through the Strait of Hormuz and Washington end its blockade on Iranian ports in the next month.
